## JUST FOR LAUGHS!

An elderly gentleman who had had serious hearing problems for many years went to the doctor to be fitted for a hearing aid that would return his hearing to 100%. The elderly man went back for further tests a month later and the doctor said, "Your hearing is perfect. Your family must be really pleased that you can hear again." The man replied, *"Oh, I haven't told my family yet. I just sit around and listen to their conversations. I've changed my will three times already"*
